

### **Remarks**

In the Office Action, the Examiner stated that a reference to a prior application must be inserted into the specification or in an application data sheet. The Examiner also objected to claims 9 and 29. The Examiner also rejected claims 21-22 and 24-62 under 35 U.S.C. §101 as being directed toward non-statutory subject matter. The Examiner also rejected claims 1-62 under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The Examiner also rejected claim 1-62 on the ground of statutory double patenting. The Examiner also rejected claims 1-3, 11, 22-23, 31, 41, and 50 on the ground of nonstatutory obviousness-type double patenting.

In this Amendment, Applicant has amended the specification to include a reference to a prior application. Applicant respectfully submits that the reference to the prior application was previously submitted within the time period set forth in 37 C.F.R. § 1.78(a), and the information concerning the benefit claim was recognized by the Office as shown by its inclusion on the first filing receipt. Hence, Applicant respectfully submits this amendment to the specification without filing a petition under 37 C.F.R. § 1.78(a) and the surcharge under 37 C.F.R. § 1.17(t) is proper, as paragraph 2.15 of M.P.E.P. 201.11 provided that such an amendment is proper without a petition and fee in cases where the claim of benefit was made through the transmittal and was recognized by the Office in the first Filing Receipt.

In this Amendment, Applicant has also canceled claims 1-62. Applicant respectfully submits that the objections and rejections of claims 1-62 are moot in view of the cancellation. Applicant has also added claims 63-107. Applicant respectfully submits that the claims are fully supported by the disclosure.

### Conclusion

In view of the foregoing, it is submitted that all the claims, namely claims 63-107, are in condition for allowance. Reconsideration of the rejections and objections is requested. Allowance is earnestly solicited at the earliest possible date.

Respectfully submitted,
